

The product partial pictures demonstration are as follows:

Generator head

Nose cone

Protection cover

Hub

Tail-wing

Yaw Shaft

Controller / Inverter

Hummer wind-solar hybrid system technical data:

model value	Hummer Serials
Output power(W)	150 - 30000
Output voltage(V)	110, 220, 230, 240
Input voltage(V)	12 24 36 48 110 220
Output wave	Pure Sine wave
Output frequency(Hz)	40±0.05 50±0.05 60±0.05
Efficiency	90%

Wind turbine blades
